PUBLIC NOTICE

METES AND BOUNDS DESCRIPTION OF PROPOSED S.W. RECREATION PARK

The most northerly point of the required area is the S.W. inner-section of Plan 281 K.S., with the East boundary of Highway 57, Plan 2602 JT. The area required is bounded thus: From the northerly point the boundary proceeds S 53° 54' 12" E a distance of 413.7 ft. which is also the South-West boundary of Plan 281 K.S., from this point it proceeds N 89° 59' 52" E a distance of 97.2 ft., along the South boundary of Plan 281 K.S. and from that point as follows:

a distance of 95.9 ft. at a bearing of S 39° 06' 50" E, and from there a distance of 125.9 ft. at a bearing of S 10° 11' 50" W, and from there a distance of 146.7 ft. at a bearing of S 34° 58' 10" E, and from there a distance of 383.3 ft. at a bearing of S 64° 07' 30" E, and from there a distance of 129.2 ft. at a bearing of S 65° 34' 35" E, and from there a distance of 437.8 ft. at a bearing of S 01° 09' 10" W, and from there a distance of 1783 ft. at a bearing of S 90° 00' 00" W, or to intersection

with the East boundary of Highway No. 57, Plan 1602 JT, and from that intersection point borders the East boundary of the aforementioned highway to the most northerly point or point of commencement as was first described.

Such a boundary results in a closed traverse and encloses an area of 31,797 acres, more or less

"GOLDEN BOY" COMBS ON ALBERTA TEAM.

"Golden Boy" Rufus Combs, the Pembina Panther will represent Alberta at the 139 pound weight limit in the forthcoming Canadian Amateur Boxing Championships.

(Cont., page 3, Col. 1)

Staff Picture.

These are a few of the members of the 1960 group committee of the Drayton Valley Athletic Association, the group that were in office at the time the decision was made by the Dominion Amateur Boxing Committee to hold the 1961 Championships in Drayton Valley. Some of the members that were with the D.V.A.A. are serving again this year, along with some newly elected members.

Seated left to right, front row, Michael Cromley, Mrs. Gladys McMorris, Jack Fells, and Peter Nebo. Gormley was recreational director and Nebo secretary of the D.V.A.A. last year. Second row, Bert Demers, Mrs. Palmer, Harold Townsend, Gordon Cross. Back row, Les Tucker, Ken MacLean, C. Rosenberger, Red Fahr, and Sid Mitchell.

ROCKY RAPIDS PIONEER BURIED

Gilbert King McCall, pioneer settler in the Rocky Rapids district died in Royal Alexandra Hospital, Sunday, April 16th after a lingering illness of several months. He was 75 years of age at the time of his passing. He is survived by his wife, four daughters, Mrs. H.R. Cropley, (Hazel) of Gibbons, Mrs. Jean Williams, of Edmonton, Mrs. Mary Fullerton, (Agnes) of Edmonton and Mrs. Raymond Munro (Ivy) of White Rock, B.C. and one son, Gilbert, of Quenell, B.C. These brothers and sisters in Scotland, and seventeen grandchildren.

Funeral services were from the Drayton Valley United Church, with the Rev. R. Edible, of Stony Plain United Church in conducting the services. Howard and McBride Ltd. of Edmonton were in charge of funeral arrangements.

Fall bearers were Mr. Maurice McCullough, Mr. Les Wall, Mr. Art Woods, Mr. Vance Erickson, Mr. Knute Kjortsen and Mr. Davidson. The site lodge conducted the graveside service.

Mr. McCall had lived in the Rocky Rapids district for over forty years. He had been postmaster there for many years, until his retirement a little over a year ago.

BASKETBALL

D.V. PACERS WIN P.V.B.L. CHAMPIONSHIPS.

Drayton Valley athletes brought home another championship last Saturday night, this time a basketball crown. The powerful Drayton Valley Pacers under the direction of Bob Barber proved themselves to be the rulers of the Pembina Valley Senior Basketball League courts as they swept through a past season round-robin championship tournament at Evansburg. All five league teams, Evansburg, Nilson, Entwistle, Wildwood and Drayton Valley took part in the big journey.

The Pacers drew the Wildwood squad for the first game which got underway early in the afternoon. Wildwood got off to a fast start leading 15-4 after one quarter, but in the second quarter the tide began to turn and after a half of play things were even-seven. In the third quarter Barber took over his big guns and Alvin Hopfe ran wild as Drayton Valley went on a bit

(Cont., page 3, Col. 4)

District Personalities

Dr. Ian G. Waugh, M.D., B.S., D.C., D.M. Curt's Studio.

Ian G. Waugh was born in County Durham, England. His father was a surgeon in the Old Country. Ian attended Petras College, Oxford and Edinburgh Universities. He is married to a Miss Edith in the south of England. After finishing qualifying for medical practice he joined the R.A.F. Bomber Command, as Medical Officer and was discharged with the rank of Flight Lieutenant. Following the close of the war he came to Canada and the U.S. in 1947 with the R.A.F. 617 Demonstration Squadron. The Squadron was in the U.S. and Canada for about two months and while here the Squadron visited all parts of this continent.

Discharged from the airforce in 1948 Dr. Waugh joined the Accident Service at Redcliffe Infirmary, Oxford. He was there for about two years as Registrar then, in 1950, he became Chairman of the National Medical Board for the Ministry of National Insurance, remaining in that position for about two more years, until the fall of 1950 when he decided to emigrate to Canada.

The decision to leave the Old Country came as the result of conversation in a Club when a man whom he knew happened to mention the need for a doctor on the Coal Branch in Alberta. The friend had an interest in the Coal mines at Coal Valley, and so knew something about medical conditions there. So in the fall of 1950 the Waugh family moved back and baggage and came to Coal Valley where Dr. Ian remained for two years, until he went on to Marcell to

take over the administration of the hospital there. In 1954, the Waugh family returned to England for a visit and on his return to Marcell Dr. Waugh turned the administration of the hospital over to the municipality the Improvement District in which Marcell was located.

In the summer of 1959 the mine owners made the decision to close down the mines and Dr. Waugh came to Drayton Valley with his family and started medical practice here. His father Dr. William Gann Waugh and his mother, had accompanied Dr. Ian to the New Land and when he made the move from Marcell to Drayton Valley they came with him and his father was in practice with him in Drayton Valley until he passed away in April, 1960.

Dr. Waugh is a member of the Lions Club, the Drayton Valley Canadian Legion, and the Elks Lodge. He had learned to play the bagpipes at school. Also, while in the school band and since coming here he has often taken part in parades with his pipes.

Dr. Ian married Miss Katherine Mary Goodall Smith, she had qualified in Edinburgh University and held the degrees of M.B., and Ch.B. Her father was Dean of Medicine in Edinburgh University, but Dr. Ian still claims that when he first started courting her he did not know she was the dean's daughter. Her father, Professor Sir Sidney Smith was the author of a number of medical books, one of which "Men-

DISTRICT PERSONALITY
(Cont' from page 1, Col. 8)

ly Mander' during the first two rounds but the colorful Indian bog went for broke early in the third with a terrific two-lined snort however, Mandy seemed to salvage the verdict with a strong finish and capture his first Provincial championship.

Garry Mandy was his usual colorful self as he won a close but unanimous decision over Del Danielson, a spiderville Lethbridge lad. The chubby Mandy who gave away several inches in height and reach seemed to have trouble figuring out the head style of the "spider", however he was the aggressor from start to finish and landed the cleaner punches throughout the bout to carry away the decision and his initial Provincial crown.

The most impressive showing of the entire tournament was turned in by the "Fighting Flyer" Al Brack from Cold Lake Alta. Brack stunned stout Douglass of Vulcan in less than two minutes and captured the 178 pound title. The handsome animal has developed into a terrific fighter over the past year and is a strong favorite to repeat his 1960 feat and carry away the Canadian Championship ship for the second straight time.

A bout between Brack and Brack's cousin's Lindy Lindmood should be one of the feature attractions of the big Dominion show here in May.

COMBS IN C.A.B.C.
(Cont' from page 1, Col. 9)

McGuire, 551, Wetslowville, 1, Andy Henry, Blood River; 2, Eddie First Rider, Blood. Light welter - 1, Bill Tivley, P; 2, Maurice Holy Wiseman, Blood. Lightweight - 1, Rufus Combs, D.V.; 2, Clarence Wessliff, Blood.

Thompson displayed some fancy footwork plus a sharp left hand to edge out a split verdict over Canton's Lyman Tullifash in a lively three round affair.

DRAYTON VALLEY SWEEP BOXING FINALS.

Saturday, April 22, was another great day for the Pembina Boxing association. Four local youngsters went South to compete in the Provincial Championships at the Stampede Corral in Calgary and before the day was half done all four had emerged as champions in their respective classes. The winners and new champions were:

"Golden Boy" Rufus Combs at 147 pounds, Orvin Combs in the 105 pound division, Garry Mandy at the 105 limit and Perry Thompson in the 95 pound bracket. The two Combs brothers won their titles by acclamation without ever entering the squared circle. Rufus competing at 147 pounds for the first time in his life got the "all clear" ticket when his opponent, Andy Henry, runner of Canadian Blood Reserve, failed to show up for the scheduled bout.

In Orvin's case there was nobody in his class from the South Country so his Northern championship rating carried him through. It was the second straight Provincial title for the youthful Orvin. He won the 105 pound championship in Jasper Place in 1960.

Thompson displayed some fancy footwork plus a sharp left hand to edge out a split verdict over Canton's Lyman Tullifash in a lively three round affair.

The Valley stylist had the better of things during the first two rounds but the colorful Indian bog went for broke early in the third with a terrific two-lined snort however, Mandy seemed to salvage the verdict with a strong finish and capture his first Provincial championship.

Garry Mandy was his usual colorful self as he won a close but unanimous decision over Del Danielson, a spiderville Lethbridge lad. The chubby Mandy who gave away several inches in height and reach seemed to have trouble figuring out the head style of the "spider", however he was the aggressor from start to finish and landed the cleaner punches throughout the bout to carry away the decision and his initial Provincial crown.

The most impressive showing of the entire tournament was turned in by the "Fighting Flyer" Al Brack from Cold Lake Alta. Brack stunned stout Douglass of Vulcan in less than two minutes and captured the 178 pound title. The handsome animal has developed into a terrific fighter over the past year and is a strong favorite to repeat his 1960 feat and carry away the Canadian Championship ship for the second straight time.

The Calgary tournament produced some very good fights and was colorful in spots, however, I do not feel that it met the standards of the average Provincial Finals in years gone by. It could have been a terrific show as many outstanding boys were slated to appear on the program, however, too many of the better boys failed to materialize with rather disappointing results.

BASKETBALL
(Cont' from page 1, Col. 3)

of a scoring spree, however, the Wildwood team fought back every inch of the way and at the end of three quarters of play the Blue and Gold were ahead 34-30. In the final session D.V. had the edge adding to their slim lead as time wore on and finally wound up on top with a 42-39 score.

Niton was next in line for the fast-paced "Valley" boys. The locals held an early edge in this game and at half time they led the Nitonites 23-14. In the third quarter the tide turned and the rampaging Niton youngsters came back to tie the score at 29-29. The final quarter was very close all the way and once again Hopfe and Barker came through with a total of 18 points to save the day and give the Pacers a slim 42-39 victory.

All three victories were the result of a spirited, determined and courageous team effort. Big Alvin Hopfe led the day's scoring with a total of 46 points. Ken Mitchell had 15 markers including that all-important winning shot. Jimmie Jackson and Bob Winter, also had 15 markers.

(Cont' page 14, Col. 8.)

FROM LEGISLATURE

From the Legislative Assembly - Russ Sheppard.

At 8 o'clock Wednesday, April 19th the Alberta Legislative Assembly was in session. The second session of the 14th Alberta Legislature had progressed a few minutes earlier. Then the Press Gallery burst in tradition, at showers of paper down the members. The traditional paper shower symbolizes the drawing back of the words spoken by the members during legislative sittings. This is the moment the government catches' staff desks for the gigantic clasp must follow!

Lieut. Governor J. Percy Page presided over the house after giving royal assent to the bills approved by it. This session of the Legislature had lasted 30 sitting days compared with 43 last year. It had actually seemed a harder working session with 107 bills requiring consideration and two major controversial issues developing. These issues were the Education Foundation program and the bill to certify dental mechanics.

Lengthy debate developed over the Education Foundation program with such words as "nuptial" and "dumb" being hurled at Mike Macgregor, Liberal member of the Opposition who pressed insistently for details of the program. Later, the Agricultural Committee held hearings on the program and heard 13 presentations, nine of them asking that the program be delayed for a year while details were worked out. The program calls for a 32-cent uniform rate based on equalized assessment, coupled with a Government contribution of almost 50-million dollars. Edmonton asked for a greater amount from the Province.

Premier Manning, in announcing that the Government would proceed with the program, also said a five-man Cabinet committee would be appointed to work with municipalities in the application of the program. He said it is the best investment of the people to proceed as a means of stabilizing the costs of education. There were no major criticisms of the basic principle.

The Dental Mechanics' Bill is designed to permit dental mechanics to deal directly with the public in fitting, making and repairing dental plates on presentation of an oral certificate of health from a doctor of dentistry. The dental profession was accused of threatening the Legislature in its presentation opposed to the bill, while the President of the Alberta Dental Association certifying the bill.

Dr. G.C. Swann of Calgary, was accused of slanderous statements in news reports from Calgary. The bill was finally approved with amendments, certifying the

mechanics but removing the incorporation of the group into a society.

Premier Manning during the closing debate said he sincerely regretted the unfortunate controversy that the bill had occasioned. He suggested that the step proposed by the bill is a symbol of the evolution of this age. "Rightly or wrongly," said the Premier "there has been growing public pressure for a group of persons to do the work not requiring the skill of the highly professional man." Mr. Manning noted that the first time this similar bill came to the House was in 1934 and that it had been turned down on several occasions. The last time it was before the Legislature was in 1958, it had been the Government's hope that during the past two years the conflicting interests would get together. Mr. Manning said: "I regret this was not done and that is why the legislation is again before the House." Ernest Watkins, who was opposed to the bill, contended that the bill should have given legislation in resolving the problem. Health Minister Dr. J.D. Ross said that his Department will continue to work with the profession in the interest of the people. Liberal M.A. for Lac La Piche, Mike Macgregor, said he intended originally to oppose the bill at the attitude of the Dental Association made him change his mind. He said that the Dental Association must learn to live with the people of Alberta. He also said that following last week's hearings on the subject he was approached by one member of the dental profession who stated he was disappointed with the way Mr. Macgregor had acted and that he would report him to the Liberal Association. Mr. Macgregor replied: "Go ahead, you got a promotion".

Mr. Macgregor was named Acting Leader of the Alberta Liberal Party at a week-end meeting. A record 336-million dollar budget was approved this session. The major expenditures being 70-million for highways, almost 70-million for education and 60-million for health. Legislation providing for the taxing of power, telephone and pipelines came in for considerable debate with criticism voiced that it would result in increases in utility rates.

The much talked of Wildlife Crop Damage Insurance program finally came into being with farmers wishing to insure their property premiums of 50 cents per acre and hunters an additional dollar for hunting license.

The Redentification Bill, reducing membership in the legislature from 65 to 63 members was approved with a few rural members objecting.

Two reports arising out of the Lamont School bus disaster were tabled in the House. One, an investigation into the affairs of the Lamont School Division,

called for the replacement of the Principal of the Chipman School and also for better business administration of the Lamont Division Board. The second report recommended a stiffening of school bus safety regulations and improvement of railway crossing grades and signal systems.

The Compensation Act was also amended increasing widows' and dependant children's pensions and increasing other allowances.

To every motorist and trucker in the Province the most important Legislative action was possibly the increase in gasoline tax by 2 cents a gallon to a total of 12 cents and a similar increase in the diesel oil tax to a total of 14 cents.

Amendments to the Farm Purchase Credit Act were introduced by Agriculture Minister J.D. Ross to increase from 4 to 10-million dollars the amount in the Loan fund. Under the Act young farmers can purchase land with a Government loan of 10-thousand dollars or 60-per cent of the purchase price, whichever is the smaller.

At the conclusion of the Session, the 65 members of the Legislature were picked up by a motorcade and taken to the Legislature building. At the conclusion of the Session, the 65 members of the Legislature were picked up by a motorcade and taken to the Legislature building.

Letter To the Editor:-

Dear Mr. Playford:-

Now that the session is over, I want to thank you for the courtesy you have extended me in publishing my reports "In the Legislature". The enclosed is the last one.

REPORT FROM LEGISLATURE

By: Mr. Connelley R. Wood, M.L.A.

After three days of the ninth week in the Legislature, in which members spent most of the time in Committee of the Whole Assembly, dealing with 75 Bills brought to the House during the two month session. The traditional shower of paper from the Press Gallery marked the end of the Session and members started for their respective homes after picking up their legislative cheques.

The new Foundation Program of the new Tax Plan provided by the revolutionary legislation of the Session. All municipalities will have to pay an equalized assessment as their share of total school costs and over \$53,000,000 was budgeted for the Provincial Department of Education to add to the fund under a new grant formula.

The most contentious Bill was the Private Bill sponsored by Chas. B. Johnson (S.C., Calgary) which after several amendments permitted all Certified Dental Mechanics Society members to deal directly with the public in taking impressions, making and fitting dentures. A certificate of oral health has been obtained for a dentist or a medical practitioner. Two other Bills introduced by Hon. Dr. J.D. Ross, Minister of Health dealt with amending the Dental Association Act and the Dental Technician Act which allowed dental technicians to repair dentures and do technical work under prescription from qualified dentists.

During the nine hours while the Private Bill was before the Private Bills Committee, process came from members of the Alberta Dental Association, the Dean of the Faculty of Dentistry at the University and operators of Commercial Dental Laboratories. Feeling an high degree in the questioning but in 13 to 10 votes by the Committee an amended Bill proceeded to the whole Assembly where on a 36 to 26 vote the Bill was passed, to the Committee of the Whole Assembly where clause by clause it was accepted. The Bill became law on July 1st, 1961.

At the conclusion of the passing of the Bill, Premier Manning stated that he regretted the controversy arising over the legislation and said that this Bill is symbolic of the evolution that is taking place in this century - an evolution that this Legislature and others will be faced with in days to come. In this highly scientific age, he said, there grows a need for some intermediate

step between the scientific and the layman. He said, "I notice this trend developing in the legal profession, the medical profession and law week. I noticed it in the teaching profession when administrative functions were being demanded of highly trained Professors rather than less qualified teachers being used as the administrative."

Premier Manning said that the fact of such Bills had become before the Alberta Legislature in 1958 and periodically since. Right along it has shown that there is a growing need for an intermediary to do some of the things of the highly trained dentists. As we should encourage highly trained men, we also have to respect the situation of those less scientific and as time goes on, we will be met with demands for more intermediary personnel, not with the view of lowering standards but to advance personnel in fringe areas of highly skilled professions. We want to work with every profession in the Province and give assistance in the evolution that is going to take place and respond to the credit of society, he said and then expressed the hope that at some time all these activities would be brought together in one place of legislation.

S. Watkins (P.C., Calgary) expressed the fear that this legislation may have some effect on dentists making dentistry this fall. Mr. Macgregor (Lac La Piche) said that the attitude of the dentists during the hearing of the Private Bills Committee and their packing the galleries for effect, influenced him to change his support in spite of his confidence in the Minister of Health and he hoped for the Bill.

Hon. Dr. J.D. Ross expressed opposition to the Bill and stated that great respect and head lines had been misleading. A good report he was confident of the dental health for the people of Alberta. During the past few years he said, his work with members of the dental association has shown him that they are sincerely interested in the health of Alberta's people and he urged all members of the Legislature to make it clear to young people that our Government has great respect for the professions.

The surprise legislation was the 5 cents increase in gasoline and diesel fuel tax effective April 1st. Alberta's gas tax is now 12 cents a gallon and the tax on diesel fuel is 14 cents per gallon. This is the first increase in the tax on gasoline since 1951 when the tax on both fuels was raised to 10 cents from 9 cents.

In an amendment to the Vehicle and Highway Traffic Act the mandatory suspension of a

(Cont., page 6, Col. 1)

driver's license for six months for a person convicted of a third offence of negligent driving and a suspension for one year for intoxicated driving gave a magistrate discretionary power to reduce the suspension to three months if the accused proves he was not actually driving the motor vehicle at the time of the offence.

A new Bill was passed consolidating in one Act the laws on corporations, clarifying procedure and drawing attention to the protection of individual rights. Landowners who suffer loss through expropriation are still able to appeal to the Supreme Court if land is taken by the Crown and to appeal to the Public Utilities Board in case of land taken by municipalities, companies or other bodies.

REPORT FROM LEGISLATURE

(Cont., from page 4, col. 5)

driver's license for six months for a person convicted of a third offence of negligent driving and a suspension for one year for intoxicated driving gave a magistrate discretionary power to reduce the suspension to three months if the accused proves he was not actually driving the motor vehicle at the time of the offence.

A new Bill was passed consolidating in one Act the laws on corporations, clarifying procedure and drawing attention to the protection of individual rights. Landowners who suffer loss through expropriation are still able to appeal to the Supreme Court if land is taken by the Crown and to appeal to the Public Utilities Board in case of land taken by municipalities, companies or other bodies.

Under a new Bill prescribing the duties and functions of the Local Authorities Board, they will handle all municipal, school and hospital matters which have to do with the health of the community. The Board is now to have been referred to the Public Utilities Board. Amendments to the Bill will allow the Public Utilities Board to continue to handle gas and electric companies, utility rates, rural electrification, pipelines, milk control prices and bottling.

A Redistribution Bill changed the representation in Legislature from 65 to 63 Members, eliminating 4 rural constituencies and adding some extra to the cities of Calgary and Edmonton.

Before the close of proceedings on Wednesday afternoon, the House adjourned while Speaker Dwyer conducted a formal meeting of the Canadian Area Council of the British Commonwealth Parliamentary Association. Brief reports of the first Canadian Conference held in Winnipeg last August were given by Speaker Dawson, C.E. French, (S.C., Hand Hills) and F. Gaiser (C.N., Banff Cochrane) who had attended at Alberta delegates. One minute silence was observed in respect of the late J.L. Owens of Didsbury who had also been one of the delegates.

The 1962 conference will be held in Quebec City this fall and J. Landry (S.C., Lethbridge) S. Watkins (P.C., Calgary) Glenmore) Floyd Baker (S.C., Clover Bar) and Speaker Dawson were named as delegates with two alternates Dr. E. Harnett (S.C., Okotoks) and A.O. Pimrose (S.C., Spirit River).

This concludes the reports of the 1961 Session of the Legislature and I extend thanks to the Editor for the courtesy in publishing them. I trust our readers have appreciated them and will express their interest to the Editor.

"These shirts are made of very strong material," said the salesman. "They just laugh at the laundry." "I know," replied the customer. "Some of mine came back with their sides split."

COUCHGRASS CONTROL IN LAWNS

The only way to eliminate patches of couchgrass (or quackgrass) in a lawn is to break up the turf and start again. No chemical action, at present, which will selectively remove this weed from an established lawn.

When only a few blades of couchgrass (half a dozen or so) are present, this weed may be controlled by painting the blades with a solution of 2,4-D (aminotriazole). This can be done by dipping a small paint brush into the solution and dabbing each blade. Care must be taken, however, not to allow any of the solution to drip onto the other grasses because they are just as susceptible as the couchgrass to this chemical.

Sodium TCA is recommended for lawn preparation. It can be used either on the bare soil, after it has been tilled, or on both foliage and soil, prior to cultivation. If the grass is tall and dense it should be cut and removed so that the solution will be absorbed by the roots and the plant crowns.

A solution of 1/2 to 3/8 of a pound of TCA, dissolved in 3 pints of water, should be sprayed on a 100 square foot of ground surface. Periodical watering after the application, which should be uniform, will ensure proper penetration of the chemical.

Much better results are obtained with TCA when applications are followed, two weeks later, by tillage. Although one thorough working is usually sufficient, several disking or rotovating should be done if there is any evidence of live couchgrass shoots. Because TCA has a rather long-lasting residual effect it is best to mow and till the area one month and till the grass the following spring or early summer.

SOLID TREATMENT

Proper seed treatment will control most seed born diseases, help to prevent seed rot, seedling blight and assures more uniform germination. This in turn helps to establish a vigorous crop which will be better able to withstand weather, disease and other adverse conditions.

There is no substitute for good seed but seed treatment helps you to get the best performance from all seed. Good dry seed can be safely treated several months before it is sown. Municipal seed cleaning plants are

Looking at Recreation

by Michael Gormley
Recreation Director

ZERO HOUR RAPIDLY APPROACHING

In two weeks Time Drayton Valley will be hosting one of Canada's great sporting events, the Canadian Amateur Boxing Championships. On Friday May 12, and Saturday May 13, the finest amateur boxers across our wonderful country will be here in the Heart of Canada's largest oil field, competing for the top honors.

This being a National event, there is a dual element of welcome involved. We, the residents of Drayton Valley will be offering our genuine Western hospitality to everyone, fighters, trainers, managers and spectators from all over our land. On the other hand while Drayton Valley is the center of activity, and while the proceedings are sponsored by the Drayton Valley Athletic Association, this is the full scale of the word, is a Provincial project, ergo all the people of Alberta join with us in welcoming the rest of Canada.

Although no official entries nor definite confirmation has been received from any part of Eastern Canada, as yet, this amateur boxing extravaganza promises to draw competitors from almost every part of the country. Not to speak of our own fourteen man Alberta team, word has been received from British Columbia that the Coast Branch of the A.A.U. of C. is entering one of the most formidable and best balanced boxing squads to take part in any tournament in the long and eventful history of amateur boxing in Canada.

Our other neighbour provinces, Saskatchewan has another "doubtful" group of five hopefuls headed in the general direction of Drayton Valley. Since Mayville is one of the real hotbeds of amateur boxing in Canada, it would show up from Winnipeg and vicinity. Ontario has seldom if ever missed a National event. This brings us to "Le Belle Province de Quebec", which I understand has a whopper of a team. In fact last year they had five Dominion Champions and were the only province to represent Canada at the Olympic Games in Rome last summer. So we certainly can strongly expect some Quebec veterans although when the leather starts flying in May, there is possibly less activity in the Maritimes than there is in the rest of the country however, there are some exceptionally fine light clubs throughout New Brunswick and Nova Scotia that might be heard from. There is an outstanding Navy team in Halifax N.S., which certainly would be a great credit to our show. Over and above this we have our different Command Armory squads which almost certainly will compete here. So one way or another

Drayton Valley should be a hotbed of activity for a few days at least.

There definitely will be boys competing here from all over Canada who after they have presented a Provincial champion or competing under the colors of the Armed Services. In amateur circles this is the one big event in the life of the young boxer. For the spectators here is the cream of the sport past crop displaying their talents. They are not men from Mars nor outer space nor are they extraordinary human beings. They are all just ordinary fellows from average families and ordinary homes. They are the youngsters who live just down the block or around the corner. Theirs, however, has not been an easy road, nor a field overflowing with milk and honey. There has been disappointments, defeats, bad breaks, very bad training, almost constant sacrifice and many, many hard corners on the way up to the top of the fight ladder.

When one considers all the effort that these fighters have put into their climb to the top it would seem a shame that there can only be one winner, such however, is life in the competitive world of ours. There is a very good reason for a amateur boxer and in fact all amateur sports. It is an excellent training ground for youth. Here the youngsters learn that success cannot be obtained without sincere effort. The stickers are soon found at the bottom of the heap for nobody goes very far in amateur athletics and in particular in individual competition such as boxing without some effort on their part. This does not mean that all these are going to get into the ring for their utmost. On the contrary, defeat is no disgrace when in one's heart and mind there is the satisfaction of having done "our best". From defeat should come the thought that there will be a next time, and therefore the young athlete in order that final victory will be realized.

Instructors in boxing clubs across Canada have been training boys and young men in the art of boxing. They are not trying primarily to make professional athletes out of the ring great in the history of boxing did get their start in the slon pun ranks and no doubt some of our better youngsters went on to boxing as a stepping stone to financial success in the world. The main motive in the sponsoring and handling a boxing club should be the spiritual, mental and physical development of the individual and the formation of better citizens for our future world. In most cases, if not all, those responsible for the operation of Canada's amateur boxing

clubs give freely of their time. Their only reward comes from the knowledge that through their own personal efforts some boy will be a champion in this magnificent country of ours.

It could truly say then that the Canadian Amateur Boxing Championships is the display window for all the boxing clubs across Canada. Here you will have an opportunity to see what is being done for boys in this way. You will see the role judge as to whether all the effort has been worthwhile or not.

A GREAT YEAR FOR DRAYTON VALLEY

Still with boxing... it's pretty hard to get away from the game these days since I am it. I'm easily eating and sleeping the thing we just got back from Calgary and the Provincial Finals. It was a clean sweep as far as the "Valley" club was concerned. Four boys entered the team and all four returned home provincial Champions. The medal winners were Rufus Combs 147 pounds, Orin Combs 165 pounds, Gary Matre 180 pound pounds and Barry Thompson 200 pounds. The two Combs brothers were declared winners in their respective classes without opposition while Matre and Thompson carried away victories over Del Davidson and Lyn Layton. Tailfeathers respectively to cope their titles.

The name "Drayton Valley" will certainly play a well written in the 1981 Amateur Athletic Union record books. Thus for we have the Dominion Finals, the Golden Boy, these Northern Alberta Champions and now four Provincial titles. Not a bad record by any standards. Rufus Combs could really set the final cap on things by coming up with a National Championship right here before his hometown folks.

The Alberta team to represent the province in the Championships has been picked and Rufus Combs will be the number one choice in the 150 pound class. Clarence Wessell of Cardston Blood Reserve will serve as an alternate in this division. Bill Tidy who along with Combs was the center of a great deal of controversy during the past month and was finally declared 139 pound Provincial Champion in Calgary, will compete at 135 pounds in the National event.

Meris Holmstrom, another Blood Reserve product was picked as second choice to the Jasper Place "Fancy Dan". Another notable nominee on the Alberta team was that very fine lightweight-weight prospect from the Cold Lake R.C.A.P., Bane, Al Brack. The handsome Juman was the Dominion title in Montreal last year, but for various reasons did not go

to Rome and the Olympics. The big boy has come along way in the past couple of years and presently has a long and impressive string of knockouts behind him. Everyone is looking forward to a bout between Brack and Lindsey Lindmower, the re-doubtable R.C. Champion which should be a thriller while it lasts.

If everyone comes through there will be fifteen boys on the Alberta team, plus five choices or Provincial Champions and six alternates or runner-up. All classes will be represented except the heavyweight. The team will be officially coached by Jerry Ramsey of Jasper Place and managed by Tom Harris of the A.A.U. of C. Boxing Committee (Alberta branch). So there it is folks. It looks like a pretty fair squad to me, however, some of the older men in the game say that this team does not measure up to the standard of other years, which might be true. This team, however, has its strong point if it has not got perfect balance and all down the line I personally think it will furnish bare opposition for any and all opponents and do pride to Alberta in the big Championship Tourney.

BASEBALL SEASON

At the P.O.N.Y., Coll. and Juvenile levels business has been quite good. The entry forms have been very slow coming in and so far the firebrand enthusiasm displayed by the little fellows has not been noticed among the older brothers. This is something, however, which I think will be remedied as time goes on. If you are be-

BOXING NEWS

Any individual or group can join Plan and become personally involved in the value of a lifetime child. The foster parent financially "adopts" a child by pledging \$15 a month toward the child's support for a minimum period of one year. This provides the child with a monthly cash grant of \$8, plus food parcels, clothing and necessary medical care. Letters are exchanged, translated both ways by Plan, so that, over the months, a very warm relationship is built up between the child and his Canadian foster parents. Full information can be obtained from Foster Parents' Plan, P.O. Box 65, Station B, Montreal.

BOY LIVES ON ROOF-TOP IN CROWDED HONG KONG. In refugee-swollen Hong Kong, where the population is densely packed ten times that of New York and rising alarmingly, you can often live rent-free on a rooftop. But such has not been the good fortune of 11-year-old Leo Sit Chit and his proud, but a broken father. They must pay \$3.50 a month over half of what the old man makes.

Sit Chit was less than a year old when his parents fled from Hong Kong, so the boy has known nothing but poverty of the most miserly kind, despite the fact that his father is a well-educated man and was once an important official in the payroll office of the Human Army. The father also wrote articles for the newspapers. When the Communists overran the mainland, Mr. Lee had to choose between rank or freedom.

The price of freedom has been heavy. Sit Chit's mother abandoned them when he was two.

FOSTER PARENTS' PLAN (Cont'd. from page 5, Col. 3.) "The need is not for the amenities of life, even on the humblest scale," a Plan spokesman declared, "but for the relief of grim hunger and suffering from lack of the bare necessities of daily living. The time worked by Maile is about as bad as any in the world. The poor live in squalid settlements on the edge of town, just outside the walls, in slums made of anything they could find -- old tin cans, packing boxes, cardboard. Within 50 miles of the city there is so much poverty it is hard to know where to begin."

This is the first new country Plan has entered since Hong Kong. In December, 1969, The Philippines will be the eighteenth country in which Plan has worked. Over the years 70,000 children, most of them now self-sustaining have been helped by individual foster parents and groups in Canada and the United States. There are now about 3,000 active foster parents in Canada.

Any individual or group can join Plan and become personally involved in the value of a lifetime child. The foster parent financially "adopts" a child by pledging \$15 a month toward the child's support for a minimum period of one year. This provides the child with a monthly cash grant of \$8, plus food parcels, clothing and necessary medical care. Letters are exchanged, translated both ways by Plan, so that, over the months, a very warm relationship is built up between the child and his Canadian foster parents. Full information can be obtained from Foster Parents' Plan, P.O. Box 65, Station B, Montreal.

Tickets on sale for CHAMPIONSHIPS. Tickets for the Canadian Amateur Boxing Championships will be on sale at Mike's News Stand starting Saturday, April 25. The prices are as follows: Regular \$3.00, Reserve \$2.00 and Rush \$1.00. Tickets will also be available from five different outlets in Drayton Valley, and out-of-town people can make reservations by contacting Ticket Committee Chairman, Dan Lelabel, P.O. Box 287, Drayton Valley, or phone 542-3071.

Other phases of the organizational program pertaining to the Championships Tournament is well under way. The Publicity Committee is keeping the public informed about the progress of the program via the various news outlets. Clean comfortable, up-to-date living quarters are being made available for visiting competitors and handlers through the efforts of the Accommodation Committee. Free transportation for contestants and trainers, from Edmonton and return, has also been made available. Buschmen are being installed and the interior setting of the Recreation Building is under way. Plans have been made for adequate sheltering and policing and the newly formed Drayton Valley Town Band will be on hand throughout the tourney.

The National Championship Tournament is set for May 12

I have been sort of set off balance with my early plans for baseball because of the pressure from other activities, however, rest assured that the situation is very capable of being turned around. A familiar question these days is "When do we get started?" -- Well if favorable weather continues it should not be too long now, likely some time during the coming week we will officially start throwing the ball around. Oia tells me that the response from boys in the Pee Wee bracket has been tremendous. Right now he has over 100 boys, of twelve years and under, anxious to get into the old ball game. This would make for a league of at least six teams which certainly shows plenty of enthusiasm at the Pee Wee level.

At the P.O.N.Y., Coll. and Juvenile levels business has been quite good. The entry forms have been very slow coming in and so far the firebrand enthusiasm displayed by the little fellows has not been noticed among the older brothers. This is something, however, which I think will be remedied as time goes on. If you are be-

Tickets on sale for CHAMPIONSHIPS. Tickets for the Canadian Amateur Boxing Championships will be on sale at Mike's News Stand starting Saturday, April 25. The prices are as follows: Regular \$3.00, Reserve \$2.00 and Rush \$1.00. Tickets will also be available from five different outlets in Drayton Valley, and out-of-town people can make reservations by contacting Ticket Committee Chairman, Dan Lelabel, P.O. Box 287, Drayton Valley, or phone 542-3071.

Other phases of the organizational program pertaining to the Championships Tournament is well under way. The Publicity Committee is keeping the public informed about the progress of the program via the various news outlets. Clean comfortable, up-to-date living quarters are being made available for visiting competitors and handlers through the efforts of the Accommodation Committee. Free transportation for contestants and trainers, from Edmonton and return, has also been made available. Buschmen are being installed and the interior setting of the Recreation Building is under way. Plans have been made for adequate sheltering and policing and the newly formed Drayton Valley Town Band will be on hand throughout the tourney.

The National Championship Tournament is set for May 12

I have been sort of set off balance with my early plans for baseball because of the pressure from other activities, however, rest assured that the situation is very capable of being turned around. A familiar question these days is "When do we get started?" -- Well if favorable weather continues it should not be too long now, likely some time during the coming week we will officially start throwing the ball around. Oia tells me that the response from boys in the Pee Wee bracket has been tremendous. Right now he has over 100 boys, of twelve years and under, anxious to get into the old ball game. This would make for a league of at least six teams which certainly shows plenty of enthusiasm at the Pee Wee level.

At the P.O.N.Y., Coll. and Juvenile levels business has been quite good. The entry forms have been very slow coming in and so far the firebrand enthusiasm displayed by the little fellows has not been noticed among the older brothers. This is something, however, which I think will be remedied as time goes on. If you are be-

BOXING NEWS

Any individual or group can join Plan and become personally involved in the value of a lifetime child. The foster parent financially "adopts" a child by pledging \$15 a month toward the child's support for a minimum period of one year. This provides the child with a monthly cash grant of \$8, plus food parcels, clothing and necessary medical care. Letters are exchanged, translated both ways by Plan, so that, over the months, a very warm relationship is built up between the child and his Canadian foster parents. Full information can be obtained from Foster Parents' Plan, P.O. Box 65, Station B, Montreal.

BOY LIVES ON ROOF-TOP IN CROWDED HONG KONG. In refugee-swollen Hong Kong, where the population is densely packed ten times that of New York and rising alarmingly, you can often live rent-free on a rooftop. But such has not been the good fortune of 11-year-old Leo Sit Chit and his proud, but a broken father. They must pay \$3.50 a month over half of what the old man makes.

Sit Chit was less than a year old when his parents fled from Hong Kong, so the boy has known nothing but poverty of the most miserly kind, despite the fact that his father is a well-educated man and was once an important official in the payroll office of the Human Army. The father also wrote articles for the newspapers. When the Communists overran the mainland, Mr. Lee had to choose between rank or freedom.

The price of freedom has been heavy. Sit Chit's mother abandoned them when he was two.

FOSTER PARENTS' PLAN (Cont'd. from page 5, Col. 3.) "The need is not for the amenities of life, even on the humblest scale," a Plan spokesman declared, "but for the relief of grim hunger and suffering from lack of the bare necessities of daily living. The time worked by Maile is about as bad as any in the world. The poor live in squalid settlements on the edge of town, just outside the walls, in slums made of anything they could find -- old tin cans, packing boxes, cardboard. Within 50 miles of the city there is so much poverty it is hard to know where to begin."

This is the first new country Plan has entered since Hong Kong. In December, 1969, The Philippines will be the eighteenth country in which Plan has worked. Over the years 70,000 children, most of them now self-sustaining have been helped by individual foster parents and groups in Canada and the United States. There are now about 3,000 active foster parents in Canada.

TOWN OF DRAYTON VALLEY PUBLIC NOTICE

PUBLIC NOTICE IS HEREBY GIVEN THAT A VOTE OF THE PROPRIETARY ELECTORS OF THE TOWN OF DRAYTON VALLEY WILL BE HELD ON BY-LAW NO. 231 OF THE SAID TOWN OF DRAYTON VALLEY.
The following is a synopsis of By-Law No. 231:

A By-law of The Town of Drayton Valley to authorize the Council of the said Town of Drayton Valley to expend the sum of \$10,000.00 from surplus general revenue account for the purpose of purchasing the land more fully described and pictured here, and improving the said lands for use as Community Sports and Recreational Facilities.
Copy of this By-law No. 231 has been posted in the Town Office and may be inspected at any time during regular office hours.
Polling will take place on Wednesday, the 31st day of May, A.D., 1961, between the hours of Ten O'clock in the forenoon and Seven O'clock in the afternoon at the Town Hall in Drayton Valley. I will be in attendance at the Town Office on Wednesday, the 31st day of May, 1961, at 8:00 O'clock in the afternoon to sum up the votes and declare the results.

N.B. At least 10% of the proprietary electors of the Town must vote before the By-law may be deemed to have been submitted to the Electors, and at least two-thirds of the votes cast must be for the By-law before it can be declared carried.
Given under my hand and the seal of the Corporation of the Town Office this 17th day of April, A.D., 1961.

W.G. Johannessen,
Returning Officer.

PUBLIC NOTICE

NOTES AND BOUNDS DESCRIPTION OF PROPOSED S.W. RECREATION PARK

The most northerly point of the required area is the S.W. inter-section of Plan 381 K.5, with the East boundary of Highway 57, Plan 2809 JY. The area required is bounded thus: From the northerly point the boundary proceeds S 29° 54' 15" E a distance of 413.7 ft. which is also the South-West boundary of Plan 381 K.5, from this point it proceeds N 89° 59' E, a distance of 27.3 ft., along the South boundary of Plan 381 K.5, and from that point as follows:

a distance of 86.0 ft. at a bearing of S 39° 05' 00" E, and from there a distance of 135.9 ft. at a bearing of S 10° 11' 30" W, and from there a distance of 145.7 ft. at a bearing of S 34° 38' E, and from there a distance of 283.3 ft. at a bearing of S 54° 07' 30" E, and from there a distance of 129.3 ft. at a bearing of S 65° 34' 38" E, and from there a distance of 437.8 ft. at a bearing of S 61° 04' 10" W, and from there a distance of 1763 ft. at a bearing of S 90° 00' 00" W, or so intersection

with the East boundary of Highway No. 57, Plan 1802 JY, and from that intersection point borders the East boundary of the aforementioned Highway to the most northerly point or point of commencement as was first described.

Such a boundary results in a closed traverse and encloses an area of 31,797 acres; more or less

LOOKING AT RECREATION
(Cont', from page 6, Col 8)
tween the ages of nine and nine-teen and want to play baseball get in touch with Ole Cline or myself at your earliest convenience. Sign up early if you possibly can do so as it will be of great help to the persons forming the teams if they have a fair idea who will be playing before the last minute. So my last word of advice to young ball players right now would be "Sign up early and don't be disappointed".

DIFFICULTY:

Still a total of twenty-two hockey uniforms lacking from the past hockey season. What is the chance of getting them in before that baseball season - boys - otherwise no ball uniforms. Personally, I think that a small deposit should be put on all such uniforms. Improvements one way or another will have to be brought about.

The fellow on the crowded bus could stand it no longer. "Madam," he began politely, "you are standing on my feet."

In the winter the flow becomes extremely low, a condition usually obscured by ice cover. In populated areas this gives rise to a pollution problem. As far as Calgary and the downstream communities on the Bow River are concerned the situation has been relieved for many years by the Company's storage upstream. If Edmonton and other communities along the North Saskatchewan River were to expand in population and develop industrially a much greater flow is needed. The Report goes on to state that to make water avail-

CALGARY POWER ANNUAL REPORT

The report touches on two developments in progress, the Brazeau Power and Water Storage Development and the Watrous Strip Coal Mine and Steam Plant Extension. The Brazeau Project considered for power only, is years ahead of its time in that its potential capacity for carrying peak loads is far beyond the present needs of the Company, and its initial cost for power alone is unattractive at first but becomes more advantageous as development progresses. The Brazeau River is a main tributary of the North Saskatchewan River. The flow of the Saskatchewan varies widely as it does for all streams in their natural state rising on the eastern slopes of the Rockies.

able for the alleviation of pollution at the earliest possible moment and to help carry the Project until the whities of its cost can be assumed by the Company without unduly increasing the cost of service to its customers, the Company and the Province of Alberta have entered into an agreement whereby the Company is to construct the initial storage works for the Province at a cost to the Province not to exceed \$14,546,000. Some water will be available this coming winter. The Company is to purchase these works at such cost by October of 1980 or by the time the generating capacity installed reaches 550,000 kilowatts, whichever is the earlier. The first power unit at Brazeau will not be commissioned before 1984 or 1985. It will be of 550,000 kilowatt capacity and with the associated water will cost the Company \$26,000,000, in addition to the cost of the dam.

The Annual Report also outlines the extensions at Watrous where construction work is well advanced. The third unit of 160,000 kilowatt capacity is scheduled for completion in 1982. Coal will be used to fire this new unit and coal-handling facilities are being provided for future expansion of the Plant.

The Chapel Hour

My Responsibility to God

Taken from The Gospel Trumpet

Twelve men, many of them high government officials, met for a dinner one day at the Anson House in New York City. Among them was Daniel Webster, at that time Secretary of State in the cabinet of President Millard Fillmore.

During a lull in the conversation, someone addressed this question to Mr. Webster: "Will you tell me what was the most important thought you ever had?"

His oft-quoted reply was: "The most serious thought that ever occupied my mind was that of my individual responsibility to God."

This is one of the most solemn of all truths. It is both affirmed by Scripture and echoed by conscience. As we human creatures are responsible to the Creator who in the ultimate sense has made us.

This is part of the agony of Job. He believes that God has made him but cannot understand how his Creator would allow such calamity to befall him, a predicament of human beings in every generation from then until now.

"These hands have made me and fashioned me together round about; yet thou dost destroy me," cries this man in the midst of his misery. (Gen. Job, 10:8) Incidentally, when reading such a cry out of the depths, it is always well to keep on reading long enough to reach the words of Job recorded in chapter 13, verse 15: "Though he slay me, yet will I trust him." This is one of the greatest affirmations of faith that ever fell from human lips.

But back to the main thought and the solemn thought - we are accountable. This we know in our hearts of hearts. This we would know even if we didn't have a Bible to tell us so.

But we do have the Bible, and one of its most plain and inescapable teachings is that man, every man, all humanity, is accountable to God. This is the basis put as bluntly and directly as we find it in Romans 14:12: "Every one of us shall give account of himself to God."

However crude their religious conceptions, all men seem to sense this accountability to some higher power, however conceived. Christianity affirms a person at God whose basic characteristics is holy love. This is not sentimental love but "arising" love, a love so deep that it is willing to die in order to save the beloved from his own waywardness and carelessness if that is possible. Man as creature is given areas of free choice by his Creator and then is held rigidly responsible for the choice

he makes within the options available to him.

Every man has some responsibility for the rights, privileges, and freedom of his fellow men. Man is responsible to man in both mind and legal sense. We must not disregard the welfare of others, or else he will be summoned to an accounting in one way or another.

If a human being breaks man-made laws (which in many instances are regarded as being grounded in what a Christian would think of as God-given moral principles), he may suffer arrest and penalty if proved guilty.

Likewise, if a person outrages the moral sense of the community in which he lives, he pays a more subtle but very real penalty in social ostracism, in loss of friendship, loss of income and standing.

How it is strange, is it not, that we should so readily acknowledge man's accountability to society and his fellow man, that we should see all around us the evidence that certain violations bring almost automatic penalty, and yet somehow reject or doubt or discount the idea of divine judgement or accountability to Almighty God?

The story of Revelation paints an awe-inspiring word picture of judgment to come: "I saw the dead, great and small, standing before the throne, and the books were opened... And men were judged each according to what he had done" (20:12, 14, NRB).

Now, let's not get lost at this point in any of the evasive nonsense that would say, "What can space be found to stand all humanity before the throne of God?" The key thought in this picture language is this: "Man is accountable. He will give an account. His record will be plain for all to see and know. What he does in under the scrutiny of the Almighty."

This is truth that needs revival

Dr. Charles E. Fuller
Tune in this Sunday!

in our day. We are being plagued with problems which at base arise from the notion that anything is okay if you can get away with it, that accountability is only to other men, that if there be a "God", he is a good-natured grandfather whose vocabulary is largely limited to "I love you," and "I forgive."

JEHOVAH'S WITNESSES NEWS

Jehovah's Witnesses, Drayton Valley C congregation, Mr. Ross Gibson, Phone 642 - 3287

The Drayton Valley Congregation of Jehovah's Witnesses are making preliminary plans to attend a three day training program at the Sales Pavilion Annex Exhibition Grounds, Edmonton. The program beginning at 8:45 P.M., Friday April 24th, will continue until Sunday April 30th.

Mr. Ross Gibson, presiding Minister of the local group, in discussing the arrangements pointed out to the congregation "the importance of copying Jesus' methods of teaching and improving their own door to door ministry. The object of the three day convention," Mr. Gibson said "was to further build up the 800 Jehovah's Witnesses working in the area between Hinton and Edmonton." Mr. Gibson will be among the nineteen speakers scheduled to provide a stimulating discussion of the Bible along with instructions designed to help local witnesses in developing their preaching ability.

The program is under the direction of Mr. Douglas Clegg, newly appointed Circuit Supervisor for the Watch Tower Bible and Tract Society, sponsors of the Assembly, Mr. Clegg succeeds Mr. W. J. Prince who has been appointed Circuit Representative of Newfoundland, Nfld. Clegg is a graduate of the Watch Tower Bible School in Gilead, N.Y., and has been an ordained minister since 1937 serving in New Brunswick, Nova Scotia and British Columbia.

The climax of the convention will come Sunday afternoon at 7:00 p.m. when the Watch Tower Bible School in Gilead, N.Y., will be held in the Drayton Valley School.

The climax of the convention will come Sunday afternoon at 7:00 p.m. when the Watch Tower Bible School in Gilead, N.Y., will be held in the Drayton Valley School.

LUTHERAN CHURCH NEWS

LUTHERANS "SHARING CHRIST" NIGHTLY

"Sharing Christ" is the theme of Lutheran Mission Friendship Week being conducted in Central Alberta from April 16 to 22. An estimated 260 callers are visiting homes of unchurched families in their communities with this as their objective.

Special services are held in each of the 18 participating congregations every night this week.

To prepare host and visiting pastors for these evening services, a Mission to Ministers is being conducted every morning at Bethlehem Lutheran Church.

35 Lutheran clergymen from all of the 18 participating congregations every night this week.

United States are involved in this mission.

In a workshop session on Tuesday morning, Rev. Walter Bister of Winnipeg, Manitoba, (Cont', page 12, Col. 3)

CALGARY POWER ANNUAL REPORT.

(Cont' from page 10, Col. 3)

The Watkinson strip cost mine is to provide an initial supply of about 3/4 of a million tons of coal a year and will be equipped to mine eventually 2 1/2 million tons per year. The 60 to 70 million ton reserve of coal in the field is expected to produce the full load requirements of the Company at a low and relatively stable cost for many years.

With the addition to the Watkinson Plant and the Bow River Hydro Plants, existing interconnecting 135,000 volt lines will have reached their load limit.

In order to strengthen the transmission system, a new 240,000 volt steel tower line from Watkinson to Calgary will be constructed by 1962, completing the high voltage transmission link between the hydro plants on the Bow River and the steam plant at Watkinson and the main load centers of Calgary and Edmonton. The 183 mile line will cost \$6,500,000 including terminal facilities. This interim expansion of the Company in new plants and transmission facilities will maintain its ability to supply the continuing power requirements of residential, commercial, industrial and rural consumers.

MOBIL OIL NEWS

Two senior appointments in the producing department of Mobil Oil of Canada Ltd., have been announced by K.R. Joynt, Vice-President.

R.S. Hebbard, Pembina District Superintendent, has been appointed Joint Interest Manager and will move to Calgary from Drayton Valley.

J.A. Kelly, chief of the production and drilling section, has been named Pembina District Superintendent. He will live in Drayton Valley.

Mr. Hebbard has gained broad oil industry experience in Europe the Far East, South America and Canada since he graduated from

the University of Birmingham in 1940. He joined Mobil Oil of Canada, Ltd. in 1953 and has held a series of positions in the production department.

Mr. Kelly, a native of Calgary graduated from the University of Oklahoma in petroleum engineering in 1951. He joined the company the same year and has held a number of production jobs in Saskatchewan and Alberta.

The appointments are effective immediately.

From L.W. Frame Mobil Oil of Canada, Ltd. CALGARY, Alberta.

ALBERTA DOCTOR CHAIRMAN

Dr. W.C. Thompson of Calgary was elected chairman of the Advisory Board of the Canadian Chiropractic Association at its annual board meeting held recently in Toronto. He is the first Alberta Doctor of Chiropractic to be elected to that post.

At the same meeting, Dr. Thompson was also made an honor member of the C.C.A. He is an immediate past president of the Association and is succeeded in that capacity by Dr. W.A. Morgan, of Vancouver.

DIRECTORS RE-ELECTED

Doctors were re-elected at the annual meeting of Northwestern Utilities, Limited in Edmonton today. The directors re-appointed all officers of the gas utility company.

The directors are:

Howard Butcher 111, J.C. Dale, Dr. George F.T. Jones, A.M. MacDonald, K.L. MacFarlane, L.L. McIntyre, O.C. McIntyre, R.C. McPherson, H.R. Milner,

Q.C., A.G. Stewart, M.E. Stewart, R.F. Wilson and D.K. Youath.

The officers are:

H.R. Milner, Q.C., chairman of the company; D.K. Youath, president; R.F. Wilson, executive vice-president; R.C. McPherson, senior vice-president; K.L. MacDonald, vice-president; general manager; M.E. Stewart, controller; J.B. Whitham, treasurer; J.E. Roberts, assistant secretary, and S.T. Deane, assistant treasurer.

LUTHERAN CHURCH NEWS (Cont' from page 11, Col. 5)

stressed that the work of evangelism is, from beginning to end, the work of the Holy Spirit. Rev. R. Radebe of St. Peter's, Iowa, discussed with the ministers the role of the pastor in evangelism. He emphasized that the pastor is both an evangelist and a leader of evangelists. Rev. Radebe stated that "as the pastor inspires, motivates, trains, and counsels his congregation, he sets the pace both in concern and action in the Lord's program for bringing souls into His Kingdom."

Reporting for Synodical Director Reporting for Synodical Director, Dr. C.A. Wasch, Rev. Herbert Fox of Vancouver informed the pastors that a new program was being developed parallel to the Mission Friendship Week. The "Spiritual Life Mission" is intended to cultivate a deeper sense of responsibility for personal evangelism within congregations.

Rev. Mark Much of Abbotsford, B.C., presented a topic titled, "Dealing with Delinquency." He stressed the importance of the church's concern in bringing lapsed members back into the fold of their Savior.

Tribulation of each day's results is a vital part of each morning's activity. According to the general chairman, Rev. W.F. Schoepp, "the equivalent of a new congregation is well on its way to being established this week."

ALBERTA CHIROPRACTOR ASSOCIATION

HUND WETASKIWIN DOCTOR IS "CHIROPRACTOR OF THE YEAR" CALGARY -- Dr. B.L. Gullekson Wetaskiwin, has been named Alberta's "Chiropractor of the Year".

The honor, awarded Saturday at a banquet in the Palliser Hotel was a high point in a long and distinguished -- career for the Wetaskiwin doctor. It was an honor made all the more notable because Dr. Gullekson has been blind since 1904.

The award is made annually to a member of the Alberta Chiropractic Association who, through service and dedication to his patients and profession, has made an outstanding contribution to the chiropractic profession.

HOMER MISHAP

The tall (6'11"), quiet-spoken doctor has faced a difficult path in rising to the heights of his career. Perseverance, a remarkable memory and a faithful typewriter helped him get there.

Perseverance is a quality that has served Dr. Gullekson practically all through his life-- from the time a home mishap robbed him of his sight at the age of 16. That was in 1904 -- four years before he and his family moved from South Dakota to Wetaskiwin, and just the beginning of 18 hard years of study that saw him graduate from high school and then as a Doctor of Chiropractic in 1922.

Dr. Gullekson's wonderful memory and the battle typewriter also helped him through the years of study at Montreal and then Toronto; and they have continued to serve him from the day in 1922 he returned to Wetaskiwin to open his remarkable practice.

EARLY DAYS

The task of a doctor in rural Alberta during the Twenties was not an easy one. In those days, patients in outlying areas had to be visited by means of horse and buggy. As often as not, these visits began at 6 p.m., after a full day's work!

But the long hours had their rewards. Dr. Gullekson recalls a veteran of the American Civil War who received chiropractic care for some 15 years prior to his death at the age of 109!

In 1929, the doctor was able to purchase the office building where he continues his practice today.

"NO HANDICAP"

While blindness has been a handicap, it has also been an

Canada's Forests Bid Winter Goodbye

New Life Begins As Pulpwood Crops Sail Downstream

Winter gives way to spring this month, and in Canada's forests the season of new life is also the time for bringing in the harvest.

Pulpwood floats shrug off a blanket of snow to resume their job of ferrying logs, by the hundreds of thousands from the logging grounds to the pulp and paper mills. Throughout the woodlands, the warm sun awakens young spruce buds; and in the key centers of countess rivers swollen by the runoff, the winter crop of pulpwood begins its trip down stream.

Pulpwood is Canada's most important crop. On it depend the operations of the nation's most valuable industry. From it flows, directly or indirectly, at least one in every eight dollars of the income of all Canadians.

This year's pulpwood crop will come to some thirteen million cords. Most of it will be floated for several months, sailing steadily by sea, by lake, and by river to reach the mills in late summer or early autumn. There it will go to the great cross-shaped piles, to await its turn at the grinders or the chipper and then to be made part of the \$14 billion of new wealth that flows each year from Canada's pulp and paper mills. Most of this production is shipped all over the world.

Foresters who met recently in Montreal for the 42nd annual meeting of the Woodlands Section, Canadian Pulp and Paper Association, said that this year's crop of pulpwood was harvested so efficiently that it was introduced to woodland work in the past. Increasingly, cranes, and their effect is to the woods worker, who today is they reported, machines are he increase the speed of wood-harvesting and highly and the productivity of skilled.

secret of sons to Dr. Gullekson.

Many facets of the chiropractic profession require a sensitive and educated touch, and Dr. Gullekson believes that his sense of touch has been heightened -- rather than dimmed -- by his handicap. His successful career testifies to the truth of his theory.

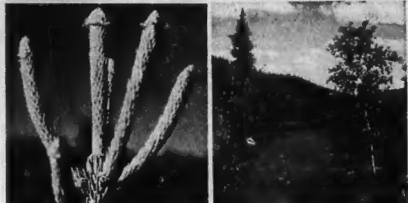

Because of his blindness, Dr. Gullekson has had to adapt some of the instruments used in the chiropractic profession -- and he has also taken the lead in designing some new ones. He designed and built, with the aid of a local jeweller, his own Reumano-meter, a fine instrument used for checking blood pressure.

Over the years, Dr. Gullekson's reputation as a chiropractor has spread across the west, and today patients frequently visit him from their homes in Saskatchewan and British Columbia.

TAKES ASSISTANT

As he has for the past 30 years, Dr. Gullekson continues to put in a full day at his office. However, he is now aided by Dr. Syd Labelle, his associate since 1966 and by Dr. L.C. Watson, Edmonton, an X-ray specialist.

Active in his profession, Dr. Gullekson has also been active in his community and his church

THESE PRIZE-WINNING PHOTOGRAPHS in a competition held recently for members of the Woodlands Section, Canadian Pulp and Paper Association, show vividly how spring comes to the forests. At the top, "Flume and Shadow," by Paul E. Lambert, Anglo-Canadian Pulp & Paper Mills Ltd., Foreville, Que.; at lower left, "The Surge of Spring," by R. S. D. Soren, Pulp and Paper Research Institute of Canada, Pointe Claire, Que.; and at lower right, "Slow Water," by J. L. Jorgensen, Canadian International Paper Co., Three Rivers, Que.

any in the past. Increasingly, cranes, and their effect is to the woods worker, who today is they reported, machines are he increase the speed of wood-harvesting and highly and the productivity of skilled.

Secretary of the Alberta Chiropractic Association and was a board member of the Association for some 23 years. He is a member of the Kiwanis and Elks Club of Wetaskiwin and has served on the board of directors of his church for 32 years.

TRAVELS ENJOYED

While the gift of vision has been denied Dr. Gullekson, he has been able to see beauty and value through the description of others. At the same time, he has given the light of relief from suffering and pain to thousands of persons, and has given the vision of a noble career to many young men in introducing them to his standards of the Chiropractic profession.

For these reasons, among many others, Dr. Benjamin Larsen Gullekson has been chosen Alberta's "Chiropractor of the Year."

The years in Wetaskiwin have not been all work for Dr. Gullekson. Since their marriage on Christmas Day, 1955, Dr. and Mrs. Gullekson have travelled extensively. They have crossed Canada 14 times, and have visited virtually every section of the United States. On these trips, Dr. Gullekson was able to "see" the sights through the detailed descriptions spoken by his wife.

A dog is man's best friend because he wags his tail instead of his tongue.

From 1932 to 1936, he served as

ALBERTA CHIROPRACTIC ASSOCIATION CHIROPRACTOR OF THE YEAR TO BE NAMED SATURDAY

Alberta's Chiropractor of the Year, an annual award by the Alberta Chiropractic Association, will be named in Calgary, Saturday evening. A banquet and dance will be held at the Palliser Hotel in conjunction with the award.

The recipient of the award is elected by fellow chiropractors in secret balloting carried on parlor in the award night. He will be a doctor of chiropractic chosen for his service and dedication to patients, his devotion to the chiropractic profession and one who has contributed to the general bettering of the chiropractic profession.

Winner of last year's award was Dr. Lou Haard, M.A., of Edmonton.

ATHLETIC ASSOC. ANNUAL MEETING

The Annual Meeting of the Drayton Valley Athletic Association was held April 20, 1961, at 8:00 p.m. in the Elks Hall, Drayton Valley.

In the absence of the President, Vice-president, Harold Townsend called the meeting to order and asked for nominations for a Chairman for the meeting. Mac McLean nominated Red Fuhr, who was unanimously elected to chair the meeting.

Red Fuhr called for nominations for secretary for the meeting. Jack Falls nominated Gladys McMorris, who was unanimously elected to this post.

The secretary read the minutes as adopted and read, seconded by Harold Townsend. Carried.

A report was given on the baseball meeting attended in Edmonton on April 9th. Those who attended this meeting were Ken Machan, Herb Pollock, Ole Olson, Clayton Rosenberger and Mike Gormley. The meeting discussed baseball in Alberta for the coming year. One important change during the coming year

in the doing away with "Little League" baseball and replacing it with "Pee Wee" baseball. Pee Wee baseball will be played with regular baseball rules on a 75' diamond and with a 50' pitching distance.

Mike Gormley gave a short rundown on the history, purpose and make-up of the Drayton Valley Athletic Association. As to its accomplishments, he said that anyone who belonged to the Association could be truly proud as this organization was really a friend of youth in Drayton Valley. They had full hockey program last winter and the way the baseball applications are coming in now they will have at least six or seven Pee Wee teams this summer. Besides Tony, Colt, and Jennifer. Football was organized last fall and ran a very successful season. Soccer has certainly been successful this year and will undoubtedly reach its climax when the Dominion Soccer Championships, for which Jack Falls is mainly responsible for organizing, will be held in May. He must not forget the Art Show which was brought in, for which Marian Palmer was mainly responsible. It must not be forgotten that the D.V.A.A. is not just an athletic body but is interested in all types of recreation.

The Treasurer read the Financial Statement for the year, copies of which were passed out to everyone present, which showed a Bank Balance of \$464.49. Donations were received from Red Well \$50.00, Order of the Royal Purple, \$100.00 and Lions \$250.00. It appears that Senior Pastball asked the D.V.A.A. to sponsor them in the Provincial Playdown last summer and the entry fee was paid, but the \$2.50 a piece membership from the players was never received. The Recreation Director reported there was no football equipment on hand at present.

It is to be noted that, at a recent meeting of the Drayton Valley Athletic Association directors, it was passed that in future a charge of \$1.00 per child per sport will be charged those participating. This was the direct result of the very poor response to the family membership of past years of \$2.50 a family.

The Football Financial Account was given by Harold Townsend which showed cash on hand of \$12.30. Many thanks are extended to the following who donated to the cause of football last season: Foster's Transport, Anderson Oil Transport, Drayton Valley Hot Oil, Bkimo Fracturing, Bottom Hole Pressure, Pemina Drug, Valley Dryg, Mack & Mann, Maclean Well Servicing, Schlamberger, Wes Rowles Trucking, Meier Insurance, Olson, Athletic Assoc. Rotary, and Trailer Sales.

The Chairman listed twenty nominees on the blackboard from which to choose a director for the coming year. Jack Falls nominated Mike Gormley to be the director.

The Chairman listed twenty nominees on the blackboard from which to choose a director for the coming year. Jack Falls nominated Mike Gormley to be the director.

From an "Inmate" letter sent

out recently, it would appear that 163 boys would like to play football this coming year. Last year there were 84.

Chairman Mr. Fuhr thought we should certainly give Harold Townsend and his club, "a world of credit" for what they have done in this sport. Mr. Townsend stated that although our boys lost their game with Jasper Place 54 to 0, Jasper Place boys had to win the Alberta Championships so we shouldn't feel too bad.

Jack Falls moved that the Financial Statement be read by the Treasurer and the way the baseball applications are coming in now they will have at least six or seven Pee Wee teams this summer. Besides Tony, Colt, and Jennifer. Football was organized last fall and ran a very successful season. Soccer has certainly been successful this year and will undoubtedly reach its climax when the Dominion Soccer Championships, for which Jack Falls is mainly responsible for organizing, will be held in May. He must not forget the Art Show which was brought in, for which Marian Palmer was mainly responsible. It must not be forgotten that the D.V.A.A. is not just an athletic body but is interested in all types of recreation.

Art Playford nominated Skip Wilson as President for the coming year, seconded by Ken Machan. Carried.

Pete Nebo moved that Harold Townsend be elected a Vice-President for the coming year, seconded by Jack Falls. Carried.

Art Playford nominated Germaine Louis for the office of Secretary for the coming year. The two ladies were asked to retire while voting took place. Ken Machan moved that the loss of the election be asked to accept Vice-Secretary position, seconded by Harold Townsend. Carried. Miss St. Louis was elected Secretary and Miss Clement was elected Vice-Secretary.

Nominations were then opened for a Treasurer for the coming year. Jack Falls nominated Bob Barber. Ken Machan nominated Ed Mitchell, who declined. Marian Palmer nominated Bert Deffen, who declined. Rollie Clement nominated Les Southwell, who declined. At this point Jack Falls asked if we could have a five minute recess, all were in favor.

After the meeting re-convened, Bob Barber was unanimously elected to the office of Treasurer or for the coming year.

Mike Gormley wished to thank Mr. "Mac" Maclean and the Rotary Club on behalf of the Athletic Association for all the work they did toward setting up the tabloids since this past winter. Mr. Gormley also advised that a first softball program would definitely be organized this year.

The Chairman listed twenty nominees on the blackboard from which to choose a director for the coming year. Jack Falls nominated Mike Gormley to be the director.

He added to the list. Marian Palmer nominated Mrs. Jean McGee. Ken Machan nominated Les Southwell. Mike Gormley nominated Bert Palmer. Following a secret ballot the following members were elected to the Board of Directors for the ensuing term:

Ken Machan, Bill Ward, Bert Deffen, Marian Palmer, C. Rosenberger, Ole Olson, D. Leibelstein, G. Cross, Red Feth, Les Tucker, S. Mitchell, H. Pollock, H. Shimbahi, M. Gormley, Jean McGee and Les Southwell.

From Scoop's Notebook

SIGN IN A TEXAS CHURCH: "If you can't hit anything in twenty minutes... stop booging"

Drayton Valley visitors over the weekend included Mr. and Mrs. D. Gebert, and four year old Linda, of Toronto, who were visiting with Mr. and Mrs. Syd Thorne, of Mohit OH. Mr. Gebert is in the Industrial Construction business in Ontario's capital city.

Still elated over their recent trip south of the border are Mr. and Mrs. Ken Belling, Mr. and Mrs. Danika, accompanied by friends, Mr. and Mrs. William Sisk, of Edmonton, left here on March 29th and got back on April 26th. Their itinerary included Montana and Wyoming on the way south. They did extensive sightseeing in Colorado on the way, including Buffalo Bill's grave, the

For their 221st Anniversary Sale the Hudson's Bay staff in the Drayton Valley store lined up for their picture. Left to right, in front row are, Mrs. Olga Darragh, Miss Joyce Redinger, Miss Darlene Campbell, Mrs. Elsie McDonald, Mrs. Wall, Miss Marion Hrubchak, and Mr. Creighton McMillan. In the rear row left to right we see, Miss Elsie Campbell, Mr. Jack Kent, Mr. Bob Taylor, Mrs. Walekum, Mr. Peter Kupfenchmidt, Mr. Malcolm Shippel, Mrs. Laboview, Mr. Rgn Elzenimmer, Mr. Ted Oliver and Sotore Manager Mr. Lorne Klapp.

The Hudson's Bay has a long and honorable history in the building up of Canada. It is one of the worlds oldest commercial companies. As the Hudson's Bay Company has contributed to the growth of Canada, to has the local Hudson's Bay store contributed to the growth of the trade done in Drayton Valley. The long fingers of the Charter granted to the Hudson's Bay Company in 1670 has reached down into Drayton Valley in 1961 and contributed to the growth and maturity of this town and district.

River Ice Goes Out April 11 TH

The Saskatchewan river "went out" at the point near the bridge at which the Elks Lodge has it clocked this week for several years on Tuesday, April 11. Official time was April 11, 1958, 37 p.m. or 58 minutes after 37 seconds past 3 p.m. For several years now the Elks have conducted a pool on the river break-up time. Mrs. John A. Rose, of Buck Creek was closest with her guess of 2:57 p.m. and won the first prize of \$380.

Second was Mr. A. Duperron, of Drayton Valley, who won \$100.00 by guessing the time of 3:04.15 p.m. and third winner was Mr. William Adams, with 3:46.55 p.m. to win \$50.

Last year the ice went out on the river on April 7th at 2:20 - 22 p.m. Evidently the after-maternal Royal Gorge and old Colorado mining towns. Colorado once led the world in silver production and rated as "Western" right along with the best of them.

Continuing their southward trek they took in New Mexico, and (of course) Texas. Their main interest was in following the old trails of historic Indian relics, the cliff dwellers and the old pueblos of the great southwest.

They found the wildflowers blooming in all the breathtaking profusion in Texas, and crossing the old Rio Grande from El Paso, Texas, to Ciudad Juarez, Mexico, they found that it had indeed grown into a "Cidade"

Attention! RESIDENTS OF DRAYTON VALLEY AND RURAL VICINITY.

The Women's Institute of Drayton Valley announces that they are sponsoring their annual magazine subscription campaign for the purpose of raising funds for Social Service and Welfare Work and to continue to make available sickroom equipment to residents of the area, free of charge.

You magazine order, new or renewal will help further this community project and every resident is urged to cooperate. Residents when called on should request to see letter of introduction signed by the representative of the company.

Donations are not solicited or accepted, Drayton Valley Women's Institute.

WELCOME - BOXERS AND VISITORS

LINDY LINDMOSER
SOUTH HILL BOXING CLUB
VANCOUVER, B.C.
WEIGHT - 172 POUNDS.

This Friday and Saturday will
mark the long awaited and
much anticipated day when the
great national event, the Cana-
dian Amateur Boxing Champi-
onships will come to Drayton
Valley.

Feverish preparations have been
made with many, far too many
to enumerate by name, men
and women working hard and
long to put the big show across
successfully.

They are, left to right, Jack Falls, honorary chairman of the local C.A.B.C. committee, George
Bougie, Gordon Russell, chairman of the provincial committee, and Paul Horne. Not present for
the picture were two other members of the provincial committee, Tom Harris and "Pussy" Solomon.
Mr. Falls is also a member of the provincial committee.

And we think they will do it!
All appearances, the present
weather notwithstanding, point
to an unusually successful affair.
We won't know until the final
count is in how many specta-
tors turn out for the big show,
but at least there will be plenty of
colorful boxes on hand to pro-
vide top-notch entertainment for
those who do attend. And the
present indications are that tick-
et sales will be brisk with many
going in to see the national
amateur boxing championships
which is a once-in-a-lifetime
chance, right on our doorstep.
Director Michael Gormley has
given a complete rundown of
the boxes who are coming in
his section of the paper "Looking
At Recreation" which, this week
at least, should perhaps have
been titled: "Looking at Boxing"

KINGSTON FIGHTER IN DOM- INION FINALS

Another outstanding boxer enter-
ing the Canadian Amateur Box-
ing Championship Tournament
Tuesday morning when Jimmie
King, a heavyweight from King-
ston, Ontario checked into Dray-
ton Valley. Jimmie is with the
Canadian Army. Central Com-
mand and will be representing
the Eastern Ontario area.

Ontario Area Golden Gloves
Champion for 1961.
The deciding factor on King's
entry into the Canadian Cham-
pionships as a Heavyweight was
his stunning victory over John
Carlo Barzotto of Toronto who
was hailed as the outstanding
Heavyweight in Canada today.
Jimmie sent Barzotto into deat-
h in exactly 1:45 of the first
round to get his ticket to Drayton
Valley and the Dominion Finals.

King brings along a very impres-
sive record both in service and
civilian competition. At 24 years
of age and weighing 185 pounds
Jimmie has won the Canadian
Army Light Heavyweight Cham-
pionship three times and won the
Commonwealth Light Heavy
Title in Korea in 1954. He was
Eastern Command Light Heavy-
weight Champion in 1956-57-58-
59 and the E.O.A. Title in King-
ston as well as the Tri-Service Cham-
pion in 1958. He is the current
Central Command Light Heavy-
weight champion and the Eastern

King is a physical training in-
structor with the Army at King-
ston, Ontario. He is married and
lives in Kingston.

Accompanying King is his coach,
Ted Swain also from E.O.A.
(Army), Kingston. A few years
back Ted was one of Canada's
foremost lightweights and at one
time was ranked by "Ring Maga-
zine", among the world's top ten
in his class. He now is head
coach of the Army team at King-
ston.
